

## **A prayer for those who work in shipping and on the high seas.**

God who in Christ journeyed with disciples through a storm on Galilee and at whose command the wind and the waves were stilled, we pray for all those who face the challenge and danger of travel on the high seas. Your word reminds us that the power of Oceans is a reflection of Your greater power; so may all who wrestle with waves, tides and currents give glory to their creator and find security and comfort in His living presence. Through Christ our Lord

AMEN
